PRIZE WINNING DAHLIAS

We close at 6 P.M.

Dear Friends:

During the past few years we tested hundreds of the new varieties. Of these we have selected the best to offer. Also we have selected the best prize winning dahlias. During the year 1960, we brought home for our new seedlings, three American Dahlia Society Seedling Award, two Gold Award Certificates, and one Achievement Medal awarded by The American Home.

It is our pleasure to send you our 1961 list. We want to Thank our customers for their past patronage, and we trust we may continue to serve you, and may we also welcome all new customers.

Bill and Jo Reeve

--- Terms ---

Our terms are cash with an order or anytime prior to shipping.

Mail orders over \$5.00 are prepaid or if preferred we can ship C.O.D. the customer paying all C.O.D. charges. All orders under \$5.00 please add 50¢ for packing and postage. Extra roots included with each order

Make checks or money order payable to B and J Gardens. Customers living in Washington please add 4% for State Tax.
Roots will be shipped soon as all danger of frost damage is over.

All roots have been proven and grown in our gardens and are truly guaranteed, true to name and ingood growing condition, if not, return same and money will be refunded or replacement made at our expence.

Our stock is inspected by the Department of Agriculture of Snohomish County and has been found diseased FREE.

Visitors are welcome to our gardens during the blooming season from mid August till frost.

We are members of the following.

AMERICAN DAHLIA SOCIETY
CENTRAL STATES DAHLIA SOCIETY
SO. AFRICA DAHLIA SOCIETY

WASHINGTON STATE DAHLIA SOCIETY

Dahlia Classification

A-over 8 inches
B-6 to 8 inches
BB-4 to 6 inches
M-Miniature to 4 inches

FD.-Formal Decorative
ID.-Informal Decorative
SC.-Seni Cactus
STC-Straight Cactus
IC.-Incurved Cactus
Ball- Ball type

We are selling seed for those who feel adventurous. The seeds are from our own dahlias, which we have grown with very satisfactory results. We have won many awards on our seedlings as you have already read about. Growing dahlias from seed is the way new varieties are discovered. Every dahlia seed will be different, as they do not come true to the parent. It is fun to watch them come into bloom and see what you get from a packet of seed.

DAHLIA SEED 60¢ pkg.

We plant over three thousand seedlings every year, and each one is a challenge to us as we are endeavoring to find the true BLUE dahlia so we can just relax and enjoy growing dahlias for a hobby. So until we find that true Blue dahlia we will continue to grow all the seeds we can, and see what we can turn out for you again next year.

Our sincere best wishes go to each and every one, for a very excellent growing season. And we do hope you will all win Blue Ribbons or Cups in the years to come either from any seedlings or from roots, but just at least try and make good in what ever you do.

Again GOOD LUCK to you in the coming year.

Bill & Jo

We would like very much to introduce to the dahlia lovers our new

1961 INTRODUCTIONS

OLYMPIC BELLE-B (SC)*It is a light blend of yellow centers and it goes into a bright red at the tips, which makes it a very beautiful creation. The petals fold back to the stem, which are very strong. It has won Blue ribbons from the very first year seedling, this past season it won the best in Everett, Wash. to win on high score of 86.5 to take THE AMERICAN HOME ACHIEVEMENT AWARD.
NET.- \$15.00

OLYMPIC IVORY- B(STC) A very good white cactus, although it didn't take any awards, it has won Blue ribbons whenever we have showed it, it did however score 84.25 at the PACIFIC NORTHWEST TRIAL GARDENS. It sets up on a 45 degree angle and keeps well when cut.
NET.-\$2.75

OLYMPIC JEWEL -B(SC)* A delicate shade of pink, that fades to a lighter shade in the center, it also folds back to the stem that makes it showy. It has taken 2 AMERICAN DAHLIA SOCIETY AWARDS, a GOLD CERTIFICATE FROM A.D.S. Scored 85 at Seattle Wash. 86 At Snohomish Dahlia Society at Everett, Wash.
NET.-\$15.00

OLYMPIC ROSE* B (SC) Although it is classified as a pink, it is more an old rose from where she gets the name, it is a sure winner in any show, as it stands up beautifully. It has to it's credit 2 AMERICAN DAHLIA SOCIETY SEEDLING AWARDS, and A GOLD CERTIFICATE from THE A.D.S. It won the best seedling in the show at Everett, Wash, in 1959. A truly good dahlia from all points. It has been in the sun at 98 degrees and never did fade.
NET-\$15.00

In choosing the names for our dahlias we picked the name OLYMPIC, as here in the Pacific Northwest we have the OLYMPIC Mountain Range that separates us from the Straits of Juan De Fuca. So being as the Mountain Range is so beautiful we thought it would be fitting to name our dahlias after them.

The following dahlias we would like to introduce in the memory of a very avid dahlia grower who specialized in growing seedlings and in his efforts he has come up with some very beautiful dahlias.

He was well known in Chicago, Ill. and Villa Park, Ill. before he came out here to Washington. Where we had the greatest pleasure and extreme honor of knowing him as DAD Schneider, in Illinois you who did know him knew him as Richard C. Schneider. He was one of the very nicest person we have ever come in contact with.

He passed away at his home in Cathcart on Nov. 2, 1960. His widow will receive the royalty from Dad's dahlias, as MOM is just as sweet as Dad was.

BLUE CROSS *B(SC) This was one of his favorites and we must say it is a beautiful dahlia, a seedling of Nick's Orchid with the same formation, the color is a much better lavender shade which is very close to blue. An excellent dahlia in all respects.--
Net-\$15.00

HERCULES*A (SC) It is a very large autumn color cactus that is a good bloomer that holds up fairly good in water, it has taken Blue ribbons when shown. It goes from bronze to clear yellow.
NET \$10.00

SPLIT OPAL B(SC)- A deep lavender pink that fades to a much lighter shade in the center, the centers are a little creamy and that adds to the blend it possess, also it has lacinated tips that are very deep it holds itself to a perfect 45 degree.
NET \$10.00

Dad has more seedlings coming up as the next two years go on as he had some very good first year seedlings last year we will have to bring them through the next two years to really test them out. Dad always told us, " It must be better."

827529

ADVANCEMENT B (STC)	Pink lacinated petals, with a rich creamy shade at base of petal, makes a nice arrangement.	.50
